Spanish for Corporate Clients

With the market potential of Spain, "Mercosur" and the rest of Latin America, it cannot be denied that the Spanish speaking world forms an important business reality.

To do business with these countries (not to mention many parts of the USA) Spanish is an essential requirement.

At Malaca Instituto we have the experience, the teachers and the courses to provide the varied Spanish language training needed for staff to operate successfully in Spanish speaking environments.

Malaca Instituto

Founded over 30 years ago, Malaca Instituto is widely recognised to be one of the leading schools of Spanish.

The situation in a residential area is ideal: 10 minutes walk to Mediterranean beaches, 15 minutes by bus to the city centre and 15 minutes by taxi from Málaga International Airport.

Amongst the many "students" who study with us each year, the 25-45 year old professional person is probably the most typical. These include: secretaries, executives, diplomats and top ranking corporate managers. Their language needs, the time they have available and their preferred study format all vary - we take all these into account when recommending the appropriate training programme.

Facilities

With outstanding study, living and leisure facilities all on one site, Malaca Instituto offers a very professional, mini-campus environment. The convenience and sense of space that this creates is very much appreciated by our corporate clients.

The facilities include: 25 classrooms, self-acc

Accommodation

Our on-site residence is invariably the accommodation of choice for our corporate clients:

The Club Hispánico offers

- Standard single, twin and executive rooms (single or shared use)
- Private facilities in all rooms
- 24-hour reception for convenience and security
- Mini-campus environment - all services on-site
- Comfort and convenience at very reasonable prices

The Executive rooms provide a standard of comfort and convenience that our diplomatic and top executive clients find to be perfectly appropriate.

Activities programme

To help enable our students to get to know Málaga and Andalucía and the local people and their customs, we offer a comprehensive programme of cultural and social activities.

These can include: excursions to Sevilla, Granada and Morocco, tapas bar crawls, cultural talks, and Flamenco shows

Málaga: the ideal destination!

Málaga, situated on the southern coast of Spain, is an ideal choice as a place to study Spanish. It is an historic city with many beautiful buildings, often Arabic influences, winding, narrow streets and charming plazas. As befits the home town of Picasso it is also a cultural city: you will find not only the famous Picasso gallery but other modern art galleries, theatre, cinema, opera, classical music and much more.

Add to this the beaches, mountains and Mediterranean lifestyle - you will not be disappointed!
