

## France - Ecole PERL, Paris

### Business French

There are so many ways to learn or improve French! It includes intensive two-week trainings such as:

#### Business French: minimum B1-1 level = upper elementary

This 2-week intensive training will suit any student who wishes to improve his/her French, integrate a firm or work in the International market, to evaluate his/her level in this specific topic and to take and pass the French certificates

This formula allows the students to:

- Work on their general French
- Have access to specific vocabulary and way of express oneself

#### Oral expression: minimum A2-1 level = lower elementary

This 2-week intensive training will suit any student who wishes to improve his/her French, to feel comfortable in communicative situations and to get the "French touch" During their tuition, the students will practice their oral skills: expression and comprehension. Through several cultural topics and thanks to pronunciation exercises and activities, the students will work on their phonetics problems such as their articulation as well as the French nuances.

At the end of the 2 weeks, the students will gain self confidence and can:

- understand and express themselves with ease in many situations,
- improvise, participate in a debate or a conversation
- express their opinions or points of views in meetings

#### Certification: minimum A2-2 level = elementary

This 2-week intensive training will suit any student who wishes to:

- improve his/her French,
- work in a company
