

France - Ecole PERL, Paris

Group programmes

Ecole PERL welcomes groups (minimum 10 students), whatever students' age and objectives may be, all year round.

Our team will advise you regarding the content and duration of the programme.

Courses

The group can integrate either:

- **International classes** (in the morning 09.00 - 13.00). This option should be chosen if the students have different French levels.

A placement test will take place on arrival.

- **Closed groups** (in the afternoon, free-choice timetable). This option is destined to students who have the same French level.

The topics will have to be given maximum 2 weeks before the group's arrival.
